

Together for Ukraine

LANGUAGE LEARNING

Language learning

Our language programs for Ukrainians offer two main options to learn and practice new languages. Both options provide valuable opportunities to improve language skills and integrate into new communities.

Language Courses

Structured online courses led by experienced volunteer teachers, supported by TEEI's education team. Teachers can use their own curriculum or TEEI-provided materials. Courses run 2-3 times a week for 2-3 months.

Language Connect for Ukraine

A digital hub connecting Ukrainians with international volunteers for flexible 1-1 video sessions to practice language skills.

The time commitment for the volunteers on the platform is flexible, as they can revise their availability anytime.

The two programs offer different options for Ukrainians to learn a new language, whether through a structured online course or through more flexible 1-1 video sessions. Both programs provide valuable opportunities for Ukrainians to improve their language skills.

TEACHER RESOURCES

At the heart of our language learning programs are our dedicated and passionate teachers. We believe that our teachers are the key to our success, and we do everything we can to support them in their work. From providing access to the best materials and resources to offering ongoing training and support, we are committed to helping our teachers succeed and make a meaningful difference in the lives of our students.

TEACHING MATERIAL

We provide our teachers with a variety of tools and resources to help them effectively teach in the language learning programs for displaced persons. This includes materials from reputable sources such as Babbel and Oxford University Press, which are designed to be engaging and interactive and to help students develop their language skills in a way that is practical and applicable to real-life situations.

VIRTUAL CLASSROOM

In addition to the materials, we provide our teachers with access to our own video platform that allows for real-time interaction with their students. This platform is designed to be user-friendly and accessible, and to allow teachers to easily communicate with their students and provide them with feedback and support.

LMS

We also offer our teachers access to TEEI Itslearning, our cloud-based Learning Management System (LMS), that allows them to track their students' progress, provide additional resources and materials, and communicate with their students outside of class time. Itslearning is designed to be easy to use, and provides teachers with the tools they need to effectively manage their classes and support their students' learning.

LANGUAGE TRAINING PROGRAM FOR CHILDREN

We provide our teachers with a range of tools and resources designed to help children learn a new language in a safe and engaging way. This includes access to a variety of books and educational materials, as well as a digital library called BOOKR Class.

BOOKR Class is a digital library of animated books and games that is specifically designed to help children learn a new language in a playful and easy way. Our English teaching app uses interactive features and engaging content to help children develop their language skills in a way that is fun and engaging. With BOOKR Class, teachers can provide their students with access to a wide range of age-appropriate materials that are designed to make language learning a positive and enjoyable experience.

If you want to support our mission to empower displaced Ukrainians through language learning, join us today as a volunteer teacher or language partner.

Together, we can make a meaningful difference in their lives!

“ I am a Ukrainian refugee. From the city of Mykolaiv. I was forced to move to Great Britain because of Russian aggression. Now I am trying to improve my English, unfortunately it is at a low level. To be able to have a normal life. ”

“ Hi, I'm a combatant and serve in the National Guard of Ukraine. Joined the army after the war began. Used to work at school and ran a sport club. ”

“ Hi, my name is Tanya. Currently I live in Kyiv, Ukraine. I'm a digital marketing manager. I love cats, fantasy books, house plants and my family. ”

“ Hello. My name is Julia, I'm 22 years old and I'm from Ukraine. Through the war, I was forced to leave the country. I need English to communicate with people right now. Now I am learning English on my own at home and would be very grateful if there was someone willing to help me a little with this. ”

“ Hi! My name is Larysa. I am from Ukraina, Kyev. I am living in England now. I like walking, traveling and reading. I need English to communicate with people and so that I can find a job. I have level A2 now. Thank you. ”

We are looking for more
partners and supporters
to work with us.

Partnering with Together for Ukraine will have a strong
impact on the future of Ukraine and its people.
